

Section		Points	Score	Instructions
<b>Milestones</b>				1 - Write the number of points in the <b>Score</b> column
Achieved 1 milestone		125 !	125	2 - Multiply that score by each bonus that apply to your project  3 - Write the final score in <b>Points Total</b>
Achieved 3 milestones		250	250	
Achieved 5 milestones		500	0	
<b>Team</b>				Organisators might rectify this score if any issues arise such as missing elements, disrespect of the guidelines, unfair competition,... The penalties will be marked in this case  Lines with a ! symbol are mandatory. If they're not fulfilled, a penalty of 300 points per infraction will be given.  Mistakes in the filling of the scorecard will receive a penalty of 10 points per mistakes
Team has 4 members or more		50	50	
Team members are living more than 100km from each other		x1.025	X	
More than 75% of the team are students		x1.025	0	
<b>Timeline</b>				
Prototype delivered in less than 3 months		100	0	
Final build maiden in less than 6 months		150	150	
<b>Documentation</b>				
Budget provided		25	25	
Specifications provided		50	50	
Description provided		25 !	25	
Video presentation		75	0	
Proofs (photos, video, telemetry...)		100 !	100	
Submitted repository follows the guidelines		25 !	25	
<b>Code</b>				
Project is 100% open source		50	0	
<b>Security</b>				
Respected <b>ALL</b> of the security requirements		100 !	100	
<b>Ecology</b>				
Use of recycled materials		x1.05	0	
Use of green energy for propulsion		x1.05	X	
<b>Exceptional Feat</b>				
Exceeded the milestone requirement by a substantial factor		250 per Milestone	0	
<b>Build</b>				
Stayed under a 150USD budget		x1.05	0	
<b>POINTS SUB-TOTAL</b>			900	125+250+50+150+25+50+25+100+25+100
Bonus - Team distance (2.5%)			922.5	900*1.025
Bonus - Team students (2.5%)				
Bonus - Use of recycled (5.0%)				
Bonus - Use of green energy (5.0%)			968.625	922.5*1.05
Bonus - Budget (5.0%)				
<b>POINTS TOTAL</b> (ROUNDUP TO THE SUPERIOR INTEGER)			969	
<b>PENALTIES IF APPLICABLE</b>			0	
<b>FINAL SCORE</b> (LEAVE EMPTY)
