Section	Points	Score	Instructions
Milestones			1 - Write the number of points in the **Score** column
Achieved 1 milestone	125 !		2 - Multiply that score by each bonus that apply to your project
Achieved 3 milestones	250		3 - Write the final score in **Points Total**
Achieved 5 milestones	500		Organisators might rectify this score if any issues arise such as missing elements, disrespect of the guidelines, unfair competition,... The penalties will be marked in this case
Team			
Team has 4 members or more	50		Lines with a **!** symbol are mandatory. If they're not fulfilled, a penalty of 300 points per infraction will be given.
Team members are living more than 100km from each other	x1.025		
More than 75% of the team are students	x1.025		Mistakes in the filling of the scorecard will receive a penalty of 10 points per mistakes
Timeline			
Prototype delivered in less than 3 months	100		
Final build maidened in less than 6 months	150		
Documentation			
Budget provided	25		
Specifications provided	50		
Description provided	25		
Video presentation	75		
Proofs (photos, video, telemetry...)	100 !		
Submitted repository follows the guidelines	25 !		
Code			
Project is 100% open source	50		
Security			
Respected **ALL** of the security requirements	100 !		
Ecology			
Use of recycled materials	x1.05		
Use of green energy for propulsion	x1.05		
Exceptional Feat			
Exceeded the milestone requirement by a substential factor	250 per Milestone		
Build			
Stayed under a 150USD budget	x1.05		
POINTS SUB-TOTAL			
Bonus - Team distance (2.5%)			
Bonus - Team students (2.5%)			
Bonus - Use of recycled (5.0%)			
Bonus - Use of green energy (5.0%)			
Bonus - Budget (5.0%)			
POINTS TOTAL (ROUNDUP TO THE SUPERIOR INTEGER)			
PENALTIES IF APPLICABLE			
FINAL SCORE *(LEAVE EMPTY)*
